Cream of the Finest Crop Direct to You.

Rich, ripe, old-fashioned leaf. The choice of Kentucky's finest crop direct from my farm to you. This famous old Kentucky Tobacco is no more like manufactured tobacco than day is like night. Free from chemicals and all adulterations that undermine the health. Grown in Kentucky's finest soil, cut at the proper time, carefully selected, aged and mellowed for chewing or smoking, its rich, rare frangrance permeates the air like old wine in a cellar, cured and aged by the same method as used by our grandfathers in the early days in preparing tobacco for their own personal use, every trace of harshness leaves it, nothing to bite the tongue, or parch the mouth, nothing to tire your taste, no fancy packages, no decorations, nothing but quality and lots of it.

Grown right here in the greatest tobacco producing country in the world, you have never tasted a finer flavored, more satisfying tobacco in your life. I am a grower of tobacco and sell none but my own crops, therefore giving you pure tobacco and cutting out all middle men's profits, giving you real tobacco right from the farms at less than one-fourth the price of manufactured tobacco.

I have on hand ten thousand pounds of my 1917 crop that I cannot sell for anything near what it cost me to produce this tobacco and as I always age my tobacco four years before offering it for sale and now I am going to lose heavily on the 1917 crop, and I am going to make an offer the like of which has never been made before by me or anyone else and never will be made again. I am going to take my loss now rather than hold for higher prices, so I have carefully classed and selected this tobacco and packed it in twenty-pound bundles and in order to close out this 1917 crop and get shut of it I am going to offer it 20 pounds for \$5.00, or 25 cents per pound. This is the most remarkable offer ever made before and this tobacco will go like hot cakes, on such a remarkable offer.

Paris, September 14.—Let the American jury decide what it will. Paris does not believe that "Fatty" Arbuckle, "that big comique," so good-natived, so full of harmless fun when he visited here over a year sgo, could have taken the life of a huma beling except, perhaps, of the rewishagers are discussing the case liberally.

Even the sedate Journal des Debats, featuring the story from San Francisco on page 1 Wednesday, tended to accuse prohibition, not Arbuckle, of the fault.

"Evidently there is liquor in America," says The Journal. Evidently America, says The Journal. Evidently America is dry only to those strangers who do not know the system, and judging from the result is their undoing.

"The motion picture game, with sast background, its undoing the story in profuse detail and the story in the story

To Hold Cattle

Show This Fall

Thomasville, Ga., September 14.—
(Special.)—A movement is on foot to hold a big cattle show in Thomasville in the near future and the movement has met with popular favor.

With the grand international Hereford bull, the champion Jersey cow and the grand champion Poland hog, there will be three great champions to show, something no other county in the state can put up and in addition there will be the prize herds that are carrying everything before them now in the show circuit. Thomas county is ackowledged to have the finest cattle in the state and a show of them will draw visitors from many sections.

Tax Decisions.

The finance committee, meantime, has decided to retain the transportation at at 50 per cent of its present rate, the reduction to be effective on the first of the year, and that tax to be repealed entirely January 1, 1923.

The sales tax bobbed up again when spokesmen for the National Manufacturers' association, the national association of the motion picture industry, and other organizations, called on Senator Smoot, principal proponent of the tax.

They claimed to represent 100,000 firms employing 5,000,000 persons, and urged the sales tax in place of levies proposed in the house bill. Other senators at the meeting were Watson, of Indiana: Dilling-ham, McLean, Curtis and Sutherland.

Smoot said he would endeavor to have the sales tax bill substituted for the measure to be presented by the finance committee, meantime, has decided to retain the transportation of the grand tax at 50 per cent of its present of the year, and the axes on express packages and transportation of oil, and approved the haves on express packages and transportation of oil, and approved the house provis

The date for the show has not yet been fixed and will depend upon the time of the return of the cattle which are now away for some time to come, but it, will be decided upon as soon as definite information has been obtained as to their return. The cattle owners here are very enthusiastic and as there are a number who, while they do not own large herds, have some fine stock, they would enjoy entering and showing them, as well as the large stock owners.

Merchant for Arson

Savannah, Ga., September 14.—
(Special.)—At the instance of State Fire Marshal Albert Sharp, of Atlanta, who has been here several days investigating the causes of a number of fires, warrants were sworn out today for James Rahal, said to be a Syrian, and Mary Rahal, his wife, proprietors of the Dainty Underwear Manufacturing company. The charges are arson.

The young weman claimed that she met Long in August, this side the Carolina Jine, and as he was en route to Savannah she accompanied him.

Long is also held under a warrant charging the theft of an automobile in Richmond, Va. Long was arrested as a result of compilant to result to the police made by a male passenger he brought from North Carolina in that his suit case had been stolen from the car. The defendant is under bonds aggregating \$3,500.

Help That Aching Back!

AME in the morning! A dull, throbbing backache all day long! Worn out and discouraged when evening comes! And tomorrow—the same old round of suffering! It's little wonder that one is nervous and disspirited.

Yet to endure such misery is both foolish and unnecessary. You want to be well and the quickest way to get well is to find the cause of your trouble and correct it. More than likely it's your kid-'neys. That dull, nagging backake may be Nature's first warning of some hidden weakness. You may have headaches and dizziness, too, with sharp, stabbing pains, a depressed, nervous feeling, and annoying bladder irregularities. Don't risk gravel, dropsy, or dreaded Bright's disease. Help your weakened kidneys before it is too late. Use Doan's Kidney Pills. Doan's have helped thousands and should help you. Ask your neighbor!

### Read How These Atlanta Folks Found Relief:

W. M. Miller, 166 Jones Ave., says: "My kidneys caused me a lot of trouble and my back was weak, lame and sore. Early in the morning the troubles started and my back hurt all the more on getting up. When I stirred around the aches beup. When I stirred around the aches became more severe. Very often sharppains went through my back and my kidneys had me all clorged up and never seemed to act right. At times I went along for hours without the least desire to pass the secretions. After using Doan's Kidney Pills my back was attenthened. My kidneys acted right and I was fixed up."

Mrs. R. V. Chapman, 284 Sunset Ave., says: "My kidneys were causing lots of trouble. At times when I stooped I thought my back when I stooped I thought my back would break. I could hardly turn over in bed, the pains were so se-vere through my kidneys. The pains settled in my head and in the back of my neck. My kidneys were badly disordered and acted too often. I began using Doan's Kidney Pills and they relieved me wonderfully, and made me well in every way."

Funeral services for Claude Seals, of 196 South Boulevard, who died Sunday at Little Rock, Ark., and whose body was brought to Atlanta, were held Wednesday afternoon at 3 o'clock in the chapel of Awtry & Lowndes. Interment in Hollywood cemetery. He was 29 years of age. Mr. Seals is survived by his mother, Mrs. Alice Seals; one sister, Mrs. Maud Gossett, and a nephew, Richard Gossett, and a nephew, Richard Gossett, and a been in ill health for some time, and was taking treatment in Arkansas at the time of his death. He was a member of the Tabernacle Baptist church here.

Held on Forgery Charge.

F. M. Charles, 36 years old, who gave his address as a local hotel, was bound over to the state courts Wednesday morning by Recorder Johnson on a charge of forgery. Charles is alleged to have obtained blank forms from the Western Union Telegraph company and after having studied the signature of some of the officials, to have obtained supplies from local merchants on forged order, later selling them. Several hundred dollars were involved in the alleged transactions, it is stated.

#### Of Fruit Involved In Court Decision

Washington, September 14.—The federal trade commission and Solicitor-General Beck joined today in asking the supreme court to review the recent decision of the circuit court of appeals setting aside a commission order directing the Fruit Growers' Express, Inc., to abrogate its contract with certain southern railroads requiring those roads to exclusively use its cars in the movement of fruits and vegetables to cities along the Atlantic seaboard. The commission held the contract violated the Clayton act, but the court ruled that the commission's proceeding were defective because it did not enjoin the railroads and further that jurisdiction in such matters was solely with the interstate commerce commission.

The commission in its request declares that if the construction with regard to its jurisdiction is final the federal trade commission must suspend proceedings in a large number of cases in which it has issued complaints or has started inquiries.

Agnes Scott College At Decatur Is Opened With Record Attendance

CHURCH TO OBSERVE HOME-COMING DAY

Sunday, September 18, will be ob-served by the Central Baptist church and Sunday school as Home-coming day.

The Sunday school has maintained an average attendance of about 500 during the entire summer and leaders expect to enroll another 500 members within the next few 500 memoers within the new church weeks.

The capacity of the new church is being taxed now and the Rev. Dr. Ridley, the pastor, is planning to begin at once construction of an addition to the main building.

A maze of identifications, alibis, contradictions, signing and repudiating of confessions, had left investigators exhausted.

Police expressed themselves as satisfied that Church and Parks have told the truth regarding their parts in the murder of the two men, but they believe that the two are withholding information that would permit clearing the entire mystery.

Clarence Wilder, accused in a confession of Church and Parks, denied knowledge of the crime and offered an alibi. Milton Walker, a garage foreman, also arrested in connection with the case, likewise denied implication in the killings and was absolved by Church.

Church, when asked why he had mentioned Wilder as an accomplice, said:

### Positions Last Week by the Southern Business College J. L. Donaldson, Now Holding a, Government Position, Says That His Business Success Is Due to the Training He Re-Enrollment of new pupils for the fall term continues at the Southern Business college with increasing activity, the total attendance now reaching nearly 300 pupils. Many others will enter this week and next. Many others will enter this week and next. The rise in cotton has greatly stimulated business, and, as a consequence, the merchants are increasing their office forces. Fourteen students of the Southern Business college, 11 Whitehall street, were sent to positions during the last week. Among the places filled, one of the merchants made this statement to the management of the Southern: "I 'phoned to you to send me a good lady stenographer. I tested the one sent, then tried out several others, but engaged the Southern's pupil, as she proved most efficient," J. L. Donaldson worked in a small grocery store before attending the Southern Business college. He wanted to expand in the business world, so he chose the Southern at which to obtain a thorough business education. Mr. Donaldson studied shorthand, typewriting, English, spelling, mathematics, and such branches as Mr. Donaldson studied shorthand, typewriting. English, spelling, mathematics, and such branches as have become absolutely indispensable to the success of the young men and young women of this day and generation who desire to enter the business world. He has just written to the Southern a most interesting letter, which is published below and which will doubtless be an inspiration to many young people who are planning business careers.

DRIVEN FROM VILLAGE

Canon. Ga., September 14.—(Special.)—Final tributes of love and respect were paid by his numerous friends today to First Lieutenant Justus Erwin Owens, of Company L. 328th infantry, 82d division, who fell in battle, fighting for his country in the Argonne woods on October 10, 1918.

The body arrived in Canon this morning and simple but impressive funeral services were held at 4:30 o'clock in the afternoon. The services were attended by a large number of admirers and friends from the community by infuriated miners. The disorders came as an aftermath of the probably fatal shooting of Edna Barnett, 12-year-old daughter of a miner, and the wounding of three of her young resisters by Jewel Clipper, a young negro girl.

The Clipper girl and her father, mother and brother were arrested and placed in jail here tonight, while Edna Barnett was brought to a local hospital.

Between fifty and seventy-five negroes fled from Montlake at dusk when more than a hundred infuriated miners, armed with shotguns, rifles, pistols and axes drove them from their homes.

Alexander, Clay, Wood, Flowers, et al, administer the fun.

I arrived a little late yesterday and was told that the squad had been working for probably an hour. If they labored at the clip during that time that was set for them for the next sixty minutes, Georgia Tech football candidates are working harder than any other gridiron crew in the world. That's covering a lot of territory, granted, but other teams couldn't do any more unless they started before breakfast and quit the next day just before dressing for the same meal.

There were a few conferences, of course, and the candidates probably used up this time in getting ready for the quick action that followed closely on, but for the most part the work was a steady grind. Punting, getting down on punts, passing, line practice and fast work by the backfield men were some of the features that were dispensed by Tornado players yesterday, and the squad got away with the job in fine style.

There is little over which to have a conniption fit at a football practice, especially when it's as hot as it was yesterday, but there was a goodly crowd of faithful followers in the stands and judging from the way many of the spectators talked, they had been there every day since Tech's preparations were begun.

There is interest in the pastime, all right, and Atlanta fans are literally "r'aring" to see the Golden Tornado start its march of destruction.

Argo had been registered at the hotel for about two weeks. It is alleged that the two soldiers came into the lobby and asked him for a match and failing to secure it, one of them struck him in the face. They went downstairs, where Argo, according to the police, was stabbed by the soldiers.

There are a number of material witnesses in the case, who stated that they witnessed the beginning of the fight which led to the stabbing.

Y. W. C. A. REGISTRY DEPARTMENT FINDS

HOMES FOR GIRLS The registry department of the Y. W. C. A., conducted free of charge for the benefit of girls seeking lodgings, during the month of August registered 571 houses on their files. Nine houses were removed from the files because of occupancy by new tenants and three houses were removed upon being found to be undesirable. Mrs. E. B. Hume, who is conducting the department, personally visits each place registered with her.

The department during the month handled several emergency cases. One was that of a girl without funds, who was given accommodations until she could communicate with her parents in a distant state. In another case an elderly woman, who was lodging with a family that moved, and who was through physical disability unable to find herself another home and move, was taken care of by the department, and placed in another home. Other cases were those in which heads of families wished aid in finding cheaper places to live.

From's to 12 o'clock daily Mrs. Hume visits listed places, and from 12 to 5 o'clock she it at the Y. W. C. A. headquarters, in the Peachtree Afcade, where she may be interviewed by those wishing her services. Mrs. J. Russell Porter, who lives at 229 The Prado, is chairman of the registry department, and her work is placing of posters in prominent places, in order that strangers coming to Atlanta may be aided in finding places to live.

#### EX-CONVICT BLOCKING **OREGON COURT ACTION**

W. W. Byrd's persistent refusal to take the pauper's oath to relieve him of the necessity of paying a fine of \$1,000 imposed upon him along with the two years' sentence just completed at the Atlatna Federal prison, for impersonation of an officer, is prolonging his prison time and delaying action on his case by Oregon courts. Byrd was known as Dr. C. Howard Childs, specialist, in Salem, Ore., in 1916, at the time he was sentenced to five years for obtaining money under false pretenses. While awaiting action of higher courts in his appeal, he escaped from Portland, Later he was arrested on the impersonation charge and sent to the Atlanta prison.

A deputy sheriff ic here from Oregon, waiting to take him back to serve the five years in prison in that state. Byrd asserts that he has money deposited in a Chicago bank, but a wire received from that city failed to corroborate his statement. Mrs. Byrd, who is charged with assisting her husband to escape in Oregon, according to federal officers, is in Atlanta. She visited the prisoner Wednesday morning. Byrd is 44 years old.

#### THREE OF BOARD DISAPPROVED MOVE

Commissioners Johnson, King and Barrett at the regular monthly meeting of the police commission Tuesday night, did not vote in favor of the resolution presented by the commission's special investigating committee asking that "the mayor and council do not abolish the detective department." COMING AROUND!

The so-called "shake-up" within the detective department, in addition to attesting an acute spirit of uneasiness on the part of the police board, comes as further vindication of the position taken several months ago by Solicitor General Boykin, and of the findings of three consecutive grand juries and the special investigating committee of council.

By weeding out detectives specifically mentioned in the reports of those investigating bodies, the police board virtually admits the truth of the charges that have been nade against them.

Yet it makes only a half-ham mered concession to public sentiment in its action.

Admitting, as its action does that a house-cleaning was in order, there was only one thing to do, and that was to clean house from one room into another, or me comin' up de street! hide it under the bed!

Chairman Vaughan, evidently with the result of the recent primary election fresh in mind, spoke wisely when he told his fellow police board members that "what we need is policing, real policing, such as the people have been demanding recently; and if we don't get policing in some way or other we ourselves may lose our own positions!"

That is what The Constitution has said from the very first of this miserable bunco-detective depart-

ment business. What the board has done in the way of a shakeup will have a good effect, in demonstrating that

at last the leaven is at work. means a great deal when the fact is taken into consideration that police board, which, up to now, has declared that it was not necessary to do anything.

PAY AND PROSPER

Prosperity inevitably results for when money moves every business interest of a community is advanced in proportion.

The Cordele paper says that "this plan of paying all that can be paid on local obligations, throughout the year," has made that town a business center that has had but one failure in the hardest year of its existence.

Fitzgerald, Ga., September 14.—Alf Smith, former flagman on the Atlanta, Birmingham and Atlantic railroad, and Gerald C. Myrick, former yard clerk, were arrested by county authorities here today on warrants charging murder in connection with the death of W. T. Reed, engineer, who was shot in the cab of his locomotive July 5.

The arrests were made in the witness room, where Myrick and Smith were waiting to be called to testify for the defense in the trial of O. C. Fairfield, one of 26 persons udner indictment for alleged "interference with employees of Atlanta, Birmingham and Atlantic railroad."

Both Myrick and Smith asserted tonight that they are innocent of the charges.

"You mean it would gain speed." asked Attorney Arnold.
"Well, in that case such a wheel never would stop running would it?" asked Attorney Arnold.
"Not unless it struck something." was the reply.

He then explained he meant for a short distance. Witness Whipple said the machinists would exple any member of their union if he were found guilty of any connection with dynamiting. Asked if the union was making any effort to catch the alleged dynamiters, he replied no steps had been taken in that direction.

"Isn't it your entire effort to show that there was no dynamite explosion?" Attorney Arnold asked.

Would Favor Hanging.

"Yes, but if it were shown that it was dynamited I would be in favor of hanging the dynamiter for murder," replied the witness.

"Well, if the fireman told you he heard an explosion and felt it, if the conductor and flagman told you they heard and felt an explosion, and if the conductor and flagman told you they heard and felt an explosion and save the flash, if the brakeman told you they heard and felt an explosion and that it shook their houses and shook the family Bibles off the table would you believe they were all under a delusion and that there was no explosion?" asked Attorney Arnold.

"Under certain conditions I might, was the reply.

Arnold Takes Exception.

Mr. Arnold at once took exception to this statement. He said Mr. Turner had been appointed on the commission at the request of union labor. He said the governor had named Wood Hudson as a member at the request of Colonel B. L. Bugg, receiver of the line, and that the governor had then, of his own volition named Mr. Candler as chairman. He asked Mr. Turner if he were sitting as a judge or as an advocate, and said if he were an advocate, it would make a farce of the hearing. Mr. Turner then said he was there in the interest of fair play and would die rather than give an unfair decision, but said he simply wanted all the facts brought out. Mr. Arnold said he meant no reflection at all on Mr. Turner's honesty, and the incident was closed

A new ambulance for Grady hospital, in addition to the two already in service, may be purchased as a result of the increased capacity of the hospital, according to opinions expressed by members of the finance committee of city council Wednesday.

It was pointed out that if more than two emergencies should arise simultaneously with the present service, dire consequences might result, and Steve R. Johnston, superintendent of the hospital, declared his belief that the hospital, with its present capacity of 400 beds, should have at least three ambulances in constant service.

### HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill.—"I was in bedwith a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end missing a dose and at the end of that time I was perfectly of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter It is the gospel truth and I will write to any one who wants. the gospei truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6824 St. Law-rence Ave., Chicago, Ill.

A Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable

Compound, after it had been decided an operation was necessary: Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H.R. SHARON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful. It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the commoner ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

### The Power in Music released at last

Mr. Edison's greatest ambition has been to see every home make use of the power of music.

This demanded, first, a phonograph of complete realism, no-less. At a cost of three million dollars, he put his new invention to the famous comparison-test, which no mere talking machine has ever sustained. This drawing (from a photograph) shows one of these tests. The singer is Muzio, prima donna soprano of the Metropolitan Opera Company. The listener is Bamboschek, principal conductor at the Metropolitan. Bamboschek said, "The quality of Miss Muzio's voice and the quality of its RE-CREATION by the New Edison are identical."

This marvelous invention has, at last, released the power in music.

now comes OOD MUSIC

'Mood Music" is a 32 page book,—the newest and greatest step forward in Mr. Edison's plan for music in the home. "Mood Music" shows what music will do for you, -now that the phonograph of complete realism is a fact. It tells which selections will refresh you when you're tired, which will cheer you when you're depressed, which will calm you when you're nervous.

This wonderful development in music has grown out of a two years research into the effects of music. This research was under the direction of Dr. W. V. Bingham, Director of the Department of Applied Psychology, Carnegie Institute of Technology. Dr. Bingham was assisted by other noted psychologists, and thousands of music lovers who filled out Mood Change Charts.

These psychologists found that certain Edison Re-Cre-ATIONS had remarkable power to banish fatigue, nervousness and the blues. They arranged these selections under the headings such as "To Make You Joyous", "To Bring You Peace of Mind", etc.,-and called this kind of music Mood Music.

#### PUPILS WILL RENT BOOKS IN WAYCROSS

Waycross, Ga., September 14.—
(Special.)—All pupils in the Waycross High school will be allowed to rent their books from the school, according to a statement issued today by Superintendent Miller.

For the past three years, all pupils through the seventh grade have been furnished books free of cost by the board of education, and the installment of the book rental system in the high school marks another advance for the school system of Waycross.

"It is the plan of the board of education to place within reach of every boy and girl in Waycross a high school education," stated Superintendent Miller, "and the book rental system will allow them to secure the best books at the smallest possible cost."

Waycross is one of the few cities in Georgia having the free book system.

### Will Livermore Succeed In Keeping Stocks Up?

New York, September 14 .- During the first hour today the turnover in the stock market was 310,000 shares or at the rate of 1,500,000 shares for a five-hour session. Gains of from one to four points were reported in Baldwin, Harvester, Atlantic Gulf, Allied Chemical, Wool, Am reported in Baldwin, Harvester, Atlantic Gulf, Allied Chemical, Wood, Crucible, Bethlehem, Asphalt, Royal Dutch; then there was some very heavy profit-taking. But it was well absorbed. In brief, Wall Street as a whole has been tremendously impressed by the advance that has at a whole has been tremendously impressed by the advance that has a whole has a whole has been tremendously impressed by the advance that has a whole has been tremendously taken place in the stock market since August 25, and credit for changing the picture is being given Livermore and those for whom he is Ba

On August 25 the picture of the country's industrial and financial outlook was very discouraging. All kinds of unfavorable rumors were being circulated, including the "fake" passing of the Mexican Petroleum dividend. Today the atmosphere of Wall Street, including that

of the large banks and private banking houses is cheerful.

There is not the slightest doubt but that today Livermore is being hired to put up the stock market. Of course, if Livermore had not thought the bear market had played out he never would have swung from the bear to the bull side. However, as already stated, around August 25 the picture was very dark. Now it is quite a cheerful color. And by spending comparatively small sums in stock market commissions it is possible that a great many millions have been saved by leaders interested in companies, some of which were on the very brink

At any rate, up to the end of August, Livermore was a bear having things all his own way.

Today he is an out-and-out bull and again having things all his own way. If he gets a public following he will succeed. If he does not, as soon as the outstanding short interest has been run to cover, there will be a stock market setback. Wall Street admits today that it does not know how Livermore's new venture will turn out.

#### FAIRLY WIDE GAINS AT NEW ORELANS

New Orleans, September 14.—While the cotton market made fairly wide gains at times today, there was much realizing from the long side and some little short selling on the belief that this realizing might eventually bring about a prolonged reaction. Heaviest selling was felt around the middle of the day, when the trading months were 11 to 18 points under the close of yesterday, with October at 19.40. Another period of selling came toward the close, after the market had come back rather strongly on reports of a better spot demand, especially in the interior, so that last prices were at net advances of but 4 to 12 points on the more active months, October closing at 19.62.

Around the opening the trend was higher and the advance was widened by the census bureau report on American cotton mills for August, the active months finally standing 46 to 53 points higher than the final prices of yesterday. Here October stood at 20.08 cents a pound. Interest in the census bureau figures was centered mainly in consumption, which was counted at 467,103 bales against 410,120 during July, a considerably larger gain than generally expected. nade

Trading was very confusing, how-ever, early strength giving way to irregularity at midday. Another vigorous rebound later was impair-ed by heavy profit-taking, this in some instances cancelling gains at

some instances cancelling gains at the close.
Commission houses with western and other interior connections were prominent on the buying side. Their participation tended to confirm the impression that public interest in the securities market is showing definite signs of revival.

Sentiment in speculative quarters seemed to be swayed by relaxed monetary conditions, the more stable course of commodities and the general if somewhat moderate improvement shown by the steel industry as seen in higher prices for wire products.

On the exchange call money opened at 5 per cent, with abundant offerings at 4% outside. Time loans were made at 5½ per cent even for the longer periods and a slight concession was noted in the rate for commercial paper.

Of all the usual leaders oils were relatively backward, most of the foreign and high-grade domestic issues denoting pressure. Steels and equipments domimated the list, especially Baldwin and Raliway Steel Spring.

New York, September 14.—(Special.)—
The market, like yesterday, was forced to alsorb considerable over-night selling orders and the liquidation of quite a large line of cotton. The undertone, however, has been excellent all day. The weekly weather report was unfavorable and private reports from reliable Texas sources were of a most serious nature as to the extent of the damage by high water following the moayr rains on Friday. Spot cotton in the south is reported on a still higher basis and so long as this continues, no decline of permenance can take place and the reactions here will prove of short duration. Spring.
Shippings and motors, also the shippings and motors also the motor accessories made substantial contributions to the advance, with chemicals and paper and leather specialties. Dealings in rails were limited mainly to secondary issues and coppers reacted on trade condi-

New York, September 14.—The raw sugar market was unchanged with no sales reported. Porto Ricos were offered at last paid prices or 4.25 for centrifugal, while Cubas were quoted at 4.86.

The market for raw sugar futures was irregular early in the day with near months easier under scattered local selling, while later positions were higher on covering, but offerings increased in the late trading and prices eased off all around, closing at net declines of 2 to 5 points. October closed at 2.59; December, 2.40; March, 2.30, and May, 2.36.

There was no charge in refined sugar with fine granulated listed at 5.60 to 5.65. The demand continued light and of a band-to-mouth character. Refined futures were easier under scattered commission house seiling and closing prices were unchanged to 15 points net lower, October closed at 5.50; December, March and May, 5.40.

Dividends Declared. Independence, Kans., September 14.—The Prairie Oil and Gas company today declared a quarterly dividend of \$3 and an extra dividend of \$2 payable October 31st to stockholders of record September 30.

iouthern in Argentina and Australia, however, were being closely watched, and when shortly before midday, the news came that drought in Argentina was broken, the market soon weakened. Meanwhile bearish sentiment was reinforced by signs that the foreign exchange situation was interfering with export business. Under such circumstances word of big sales of flour at Minneapolis and Kansas City falled to induce any important rally.

Corn and oats governed mainly by the action of wheat. Wet weather, though, tended somewhat to sustain corn. Besides, gossip was current that the yield of corn would prove disappointing.

#### WHAT ARE KRYPTOK BIFOCALS?

They are a combination of glass, allowing you to see both near and far with one solid glass. No removing your reading glass to see distant objects; no seams, lines or blisters to worry you or attract attention of others to your age. Absolutely invisible while on the face, they have proven a revelation to thousands who have come to us for them. Why are we successful with Kryptoks? Because we are extremely careful in the examination of your eyes, the correct grinding of the glass, and perfect adjustment of frames to each individual face, all of which is absolutely necessary to insure comfort and appearance. If you have Kryptoks bought elsewhere and cannot use them, bring them to us and we will find the trouble. Ask the better oculists or any of our patients what the Ballard service is to

Cotton has come back and with it a great many who have been out of the running.

Are You Coming With It?

Cotton Comes Back-

Do you think that other things will remain depressed while cotton, the business barometer of the South, advances 100 per cent?

Do you expect building material, for which there is an active demand, to remain near its lowest point while our great supply crop brings double the price of last winter?

As yet the cost of building is very little above the lowest level of the year, but how can you expect it to remain there under existing cir-
